It's tough to find a great Buffalo Chicken Pizza anymore. We were recommended this place and found a great one. This pizza has a great amount of sauce and chicken and a nice thin crispy crust. While there - a couple other neat things they offer, pizza bites and sausage rolls. Again, Croydon Pizza is a great example of blue collar food done right.

First up - Buffalo Chicken Pizza. This is huge chunks of real chicken with a good amount of sauce. Buffalo pizza rules state that they are usually only good when eaten on site but this was really good when we got it back home.

Slice of Buffalo Chicken.

Next up, pepperoni, very good as well with nice thick tasty cheese.

Last but not to be overlooked are the Garlic Knots. Now I know what you are gonna say “everyone has garlic knots”. These are for serious garlic lovers though.
