Live to Eat

## **Ishkabibble's Eatery**

**337 South Street**

**Philadelphia, PA 19147**

**215.923.4337**

**This is the place that  
claims to have invented  
the chicken cheesesteak.**

**Ishkabibble's is always busy and a great stop for  
fries while walking South Street. The chicken cheese  
steak is just as advertised – real chicken breast with  
melted cheese on a roll.**

**Here it is – the chicken cheesesteak from the inventor. With so many eating options on and around South Street, this is just a healthier alternative to Philly’s fantastic other contributions to the culinary world.**
