Came across Kelliann's from searching the web for Philly's best wings. Nice small pub with some really good wings.

While there, a gentlemen recommended the wings as well and said he had been coming there to eat them for 15 years. How could they be anything but good after keeping someone coming back for 15 years? We split 25 hot wings with extra blue cheese (our standard). Right away we noticed these were good and covered with a lot of sauce. The color of the sauce reminded us of some of our favorite wings we have eaten in the past. These were really crispy and done perfectly. When you are in this part of the city, Kelliann's is definately worth stopping in for.
