Nifty Fifty's has been one of our favorite blue-collar eateries since we were in high school. There are a couple locations in the Philadelphia area and all are awesome. They have over 100 flavors of soda and a ton of milkshakes. The EatingTeam always orders pretty much the same things to start, spicy chicken nuggets with cheese, onion rings, a few Texas Tommy's, spicy chili cheese fries and milkshakes. Then, we each order our own meals after that. After that, it's nap time.

Many, many great things offered here at one of our all time favorite restaurants. See pics below...

This is a “Double Whole Shabang” and comes with cheese, lettuce, tomato, onions, pickle and relish. This burger will not offer up any “nector” that we at the Eatingteam usually look for, BUT what it does have is simplicity and old fashioned great taste. This is not a huge, gigantic burger but it is a tasty complement to the many other treats you are going to get while there.
