A straight up good hot dog is served here with a variety of options for toppings. Also, we came here for the kielbasa sandwich that didn't disappoint. Great snap on the kielbasa and the sandwich is loaded with kielbasa. Be careful with your kielbasa intake this early on the tour though, still lots of good food to eat. And finally, you can get to wear a hot dog suit and get your

picture on the wall of fame (like Tony), how cool is that. This place is covered in hot dog suit pictures. Plus the ladies like the hot dog suit.
